We will elegantly layout the text you specify for your DVDs or CDs at no additional cost.

-> Custom Printing:

While we don't offer color printing or photographic reproduction on your discs, we can work with your special text or line-art (logos, etc.) requirements. We can accept FreeHand or Illustrator files for your disc printing job - please drop us an email for our full printing specs and templates. Some custom print jobs may require an additional artwork adaptation charge depending upon the complexity and format of your artwork.
